NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Dr. Louis F. F. of Quebec, writes: "For years I have suffered from indigestion, my stomach was all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powers regularly yet I felt no better. My wife advised me to try Dr. F. F.'s Golden Medical Discovery, and stop taking the doctors' medicine. She bought me a bottle and we soon found that it began to improve, so I kept on the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it the highest praise. I don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. F. F.'s medicines, recommended to be 'just as good'."

To gain knowledge of your own body—its sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 21 one-cent stamps for postage, or 41 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 603 Main Street, Buffalo, N. Y.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dry. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

BOLD ROBBERIES IN RUSSIA.

Two daring train robberies were committed in Russian Poland on Saturday, one of them resulting in a considerable loss of life.

A train from the frontier station Herby bound for Czenstochowa was carrying money received from the customs house to the branch of the imperial bank under protection of seven frontier guardsmen. Gen. Zikat, chief of the frontier guards, Gen. Weitenberg, chief of the customs service of Warsaw; Col. Brazdzicki and Capt. Laguna were passengers. Fifteen persons boarded the train at a way station. They evidently had been waiting for it and made an attack on the guardsmen, who were reinforced by the officers named. A regular skirmish followed, in which the two generals, two officials, five soldiers and one robber were killed and Col. Brazdzicki and one robber wounded. The robbers escaped, taking \$8,000 and the arms of those who had attempted to defend the train against robbery. The postal car robbed contained a package of \$60,000 in cash from abroad and at least \$50,000 additional funds. The actual amount taken by the robbers cannot as yet be definitely stated, as the documents attached to the money parcels are missing.

The second robbery was committed Saturday evening on the Warsaw-Vienna railway six miles from Warsaw. While the train was under way unknown persons pulled the danger signal causing it to stop. Robbers, who were aboard, jumped out and seized the locomotive and detached the mail car from the train and ran it down the line. They secured \$37,500 of government money. Efforts to capture the robbers failed.

Public disorder is growing daily throughout Russian Poland. On Saturday a panic occurred in a public park in Warsaw. Many shots were fired and one person was killed and four were wounded.

A party of men armed with revolvers forced their way Saturday into the Bousel printing establishment in St. Petersburg. They made the foreman a prisoner and prevented the compositors from leaving the building. They then had printed \$150,000 copies of the Viborg manifesto of the outlawed lower house of parliament.

A grave outbreak occurred Saturday in the Sevski regiment at Poltava, following the arrest of a private of the First Battalion, who was discovered with some others soldiers, in a shed where the revolutionists are in the habit of holding meetings. After the arrest the entire First Battalion, accompanied by a large crowd, paraded the streets in defiance of the military authorities. The soldiers proceeded to the artillery barracks, where they seized several guns and marched with them to the prison where the political prisoners are confined. At this stage all the remainder of the Poltava garrison was called out. The loyal troops fired on the mutineers with machine guns, as they were engaged in breaking down the gate of the prison. Several men were killed or wounded. The outbreak was not suppressed until 2 o'clock yesterday morning.

While a train traveling from Kharkov to Yekaterinoslav yesterday was passing the great monastery erected near Boriky by Alexander III to commemorate the escape of himself and members of the Imperial family from a railroad wreck in 1888, firing and cries of help were heard. The train was stopped, and a monk came on board. He said the peasantry were attacking the monastery, and that the monks were defending it. He had managed to escape to summon help.
